At the Thursday luncheon meeting of the Pahokee Rotary Club last week Alfred Meeks, president of the Pahokee Chapter, Future Farmers of America, explained the scientific steer feeding project which the chapter plans to sponsor and asked the club to act as guarantor of the note which the chapter will give in the purchase of the steers. Rams Are Champs Over Blue Devils

The Bill Young Memorial Trophy is still on the shelf in Belle Glade high school this morning as the result of a victory Wednesday night by the Golden Rams over the Pahokee Blue Devils. The final score was 19 to 7.

Belle Glade drove 38 yards in 13 plays for its opening period score, with Ronnie Cameron plunging over from the one-yard stripe.

The Blue Devils countered with a Carnie Wilder-to-Bill Hutton 8 yard touchdown pass set up by a Ram fumble on their own 8. Bob Goodson caught a Wilder pass for the extra point and a lead, which held up until halftime.

The Rams battered 30 yards in the third quarter on five plays to step into the lead. Ray Caldwell dropped the ball right on the goal line and recovered for the score.

Joe Leavitt intercepted a fourth quarter Pahokee pass on his own 30 and ran 53 yards to the Blue Devil 17. Caldwell plunged over from the one yard line three plays later and kicked the extra point.

Belle Glade Capt. Joe Revels was taken from the game with a dislocated elbow, but later released from the local hospital with no serious trouble reported.

News Notes From State Capital

TALLAHASSEE — Attorney General Richard W. Ervin has ruled that the Haley legislative committee may accept private donations to finance its investigations. James A. Haley of Sarasota, legislator and member of the special committee, said he was willing to accept "clean money" and would smoke out every office holder connected with illegal practices. This ruling followed failure of the attorney general to get a second to his cabinet motion that \$20,000 in emergency funds be given the committee. Cabinet members took the view that no "emergency" existed. Spearhead of the move to get private funds for the Haley committee is Rep. William C. Cramer, Pinellas county Republican leader, and Robert H. Gore, Fort Lauderdale newspaper publisher.

TALLAHASSEE — Lawyers of Florida are balloting this week on their choices for supreme court justices. In the event the people in 1952 decide to expand the court from seven to 10 justices, Ballots were sent to 4,600 lawyers in the Florida Bar through their Florida Law Journal. Governor Warren has told spokesmen for the Bar that he will give every consideration to the recommendations of the Bar. When the most recent vacancy occurred, in the resignation of Alto

Adams, the board of governors of the Florida Bar submitted a list of recommended names to the governor and he selected John E. Matthews of Jacksonville for the position. Ballots on the choices for the possible vacancies will be received and checked here, and submitted by the Bar to the governor.

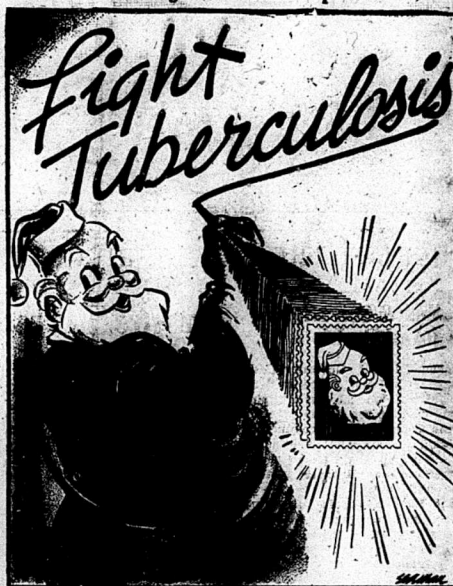

TALLAHASSEE — Headquarters for Alto Adams as a candidate for governor have opened here in the former Yeager house. It is manned by Ed Struhsen, former personnel director for the comptroller and boyhood neighbor of the Adams family in West Florida. Judge Adams made his formal announcement as a candidate last week, and was followed by the statement from State Senator Henry S. Baynard that he had concluded "reluctantly" to run for governor.

TALLAHASSEE — A call for greater imagination in administering state parks was sounded by Miles Collier, president of the Collier Corporation, in an address prepared for the annual convention of the American Institute of Park Executives.

With greater leisure, he said, those who run the nation's parks must open up "far horizons" in providing opportunities for the people. But, he emphasized, this is a field in which the people can pretty well determine for themselves what they want and like to do with their leisure. He warned that some schools of thought are leaning toward a federal director of recreation, which he condemned.

TALLAHASSEE — Rate revisions have been granted Western Union in its Florida operations to match those recently granted by the federal communications commission in interstate messages. The new Florida rates approved by the Florida Railroad and Public Utilities Commission allow 15 words instead of 10 for straight telegrams and 50 words on a night letter instead of 25. Increases were allowed after Western Union showed it had lost money in Florida for the past 18 months. New rates allowed the Railway Express Agency and effective this week permit the addition of 20 cents on each shipment within Florida ex-

cept carload lots, milk, cream and similar products, newspapers and corpses.

TALLAHASSEE — The A. B. C. Liquors store must do without telephone service for 18 months, as a result of findings by the rail-

road and public utilities commission that its telephones had been used illegally. Service had been cut off in August at the order of Attorney General Ervin. Evidence was clear and convincing, stated the commission after its hearing, that the phones had been used for illegal purposes.

TALLAHASSEE — Attorney General Richard W. Ervin this week gave his opinion on the following general subjects:

SALES TAX — Dequent sales taxes cannot be collected from personal property exempt from forced sale by the constitution.

SURVEY — The Florida Industrial Commission may not reimburse the Florida State Chamber

SOIL INFESTING INSECTS

The soil infesting insects which can be controlled by chlordane formulations include wireworms, Japanese Beetle Larvae, white fringe beetle larvae, mole crickets, cutworms, white grubs, southern corn rootworms larvae, cranberry rootworm, onion maggot, and cabbage maggot.

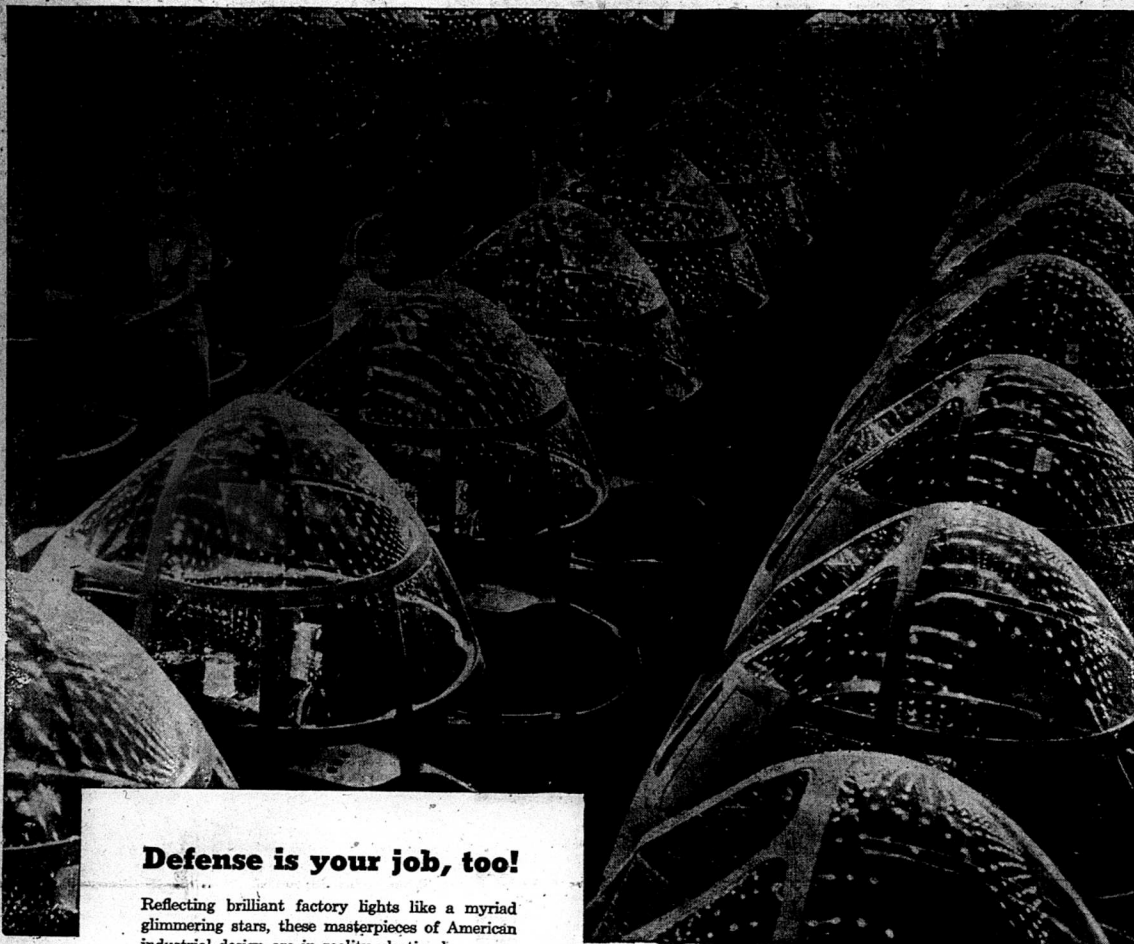

These insects damage a very wide variety of crops such as corn, tobacco, potatoes, beans, beets, tomatoes, sugar cane, cabbage, cauliflower, radishes, turnips, celery, onions, broccoli, egg plant, and spinach. Japanese Beetle Larvae usually attack grass and turf areas, and they are also a serious nursery pest.

Depending upon the specific soil insect, chlordane formulations can be applied by one of the following methods:

- 1) Dust or spray applied to the surface of the ground.
- 2) Dust or spray applied to the top few inches of the soil.
- 3) Dust applied as a ring around newly transplanted plants.
- 4) Water emulsions or wettable powders applied to transplant water.
- 5) Dusts combined with fertilizer and applied to the soil.

For complete details, ask your County Agent, Farm Advisor or write to VELSICOL for chlordane bulletins.

Cinematic Chatter

By Malcolm Miller

Speaking on the romantic side of the Hollywood picture, pretty Betsy Von Furstenberg, the real life countess who is turning movie actress, has told film cronies she and her future bridegroom, Nicky Hilton, will tie the wedding knot in Hollywood in January 1952, then settle deep in the heart of you-know-where and from Gotham comes the report there is a new gal in the heart of Montgomery Clift's life. The lass is said to be a white collar girl, a hard working secretary, Ralph Meeker, the good-looking new comer to Hollywood, who seems to be getting on so well in the cinema, is dividing his time between Betty Hutton and Denise Darcel, the shapely French import. Pier Angeli, that gawgeous creature is being seen around with John Barrymore, Jr., a great deal lately. Could be there is something cooking there. At least it is warming up considerably. Another newcomer who is not doing so badly for himself is Richardson Anderson, who seems to be very interesting to Vera Ellen. He's a lucky stiff! Debbie Reynolds seems to have a bit of a crush on Charlton Carpenter, as they are seen together a great

deal in the night clubs here and about. That dainty little starlet Diane Garrett has put Mickey Rooney in her purse and Mickey shows no signs of trying to escape her grip. I don't blame the lad. Not A Bit Brother. See you at the movies—Mal.

Christian Science Group Of Canal Point

Man's spiritual individuality and his oneness with God, Soul, will be brought out in next Sunday's services in all Christian Science churches when the subject of the Lesson-Sermon is "SOUL AND BODY."

The Golden Text is from I Corinthians (3:16): "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?"

Passages from the Bible include the following from II Corinthians (5:8): "We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Rightly understood, instead of possessing a sentiment material form, man has a sensationless body; and God, the Soul of man and of all existence, being perpetual in His own individuality, harmony, and immortality, imparts and perpetuates these qualities in man,—through Mind, not matter" (p. 280).

WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to KEEP IN STEP with what is going on here in this vast agricultural area on the eastern shore of Lake Okeechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

Blue Devils Lose To Vero Beach Eleven In Splendid Display Of Good Foot Ball

Playing inspired football in the rain on Lair Field Friday night Coach Dub Kendrick's Pahokee Blue Devils put a scare into the conference-leading Vero Beach Indians who were forced to "shoot the works" in the final minutes of the contest to push over the winning touchdown that gave them the game, 19-13.

After playing the surprised Indians through a scoreless first quarter the Blue Devils were the first to hit pay dirt when in the second quarter they moved the ball down to the Vero 37 and Halfbacks Carney Wilder and Bobby Schroder executed a beautiful pass play. Wilder while sweeping around right end threw a long looping pass on the dead run to Schroder who was scurrying downfield as fast as he could with two Indians practically on his back. At about the four Schroder reached his arms up above his shoulders to snatch the ball and race across the goal line. Wilder then passed to Schroder for the extra point and that is the way the score stood, Pahokee, 7-Vero Beach, 0, at the end of the half.

The Indians' powerhouse, supercharged with the running of their Halfback Ed Bass and Halfbacks Ed Wall and Jack Metz, started rolling at the start of the second half and it was able to roll over the stubborn Blue Devil line for two touchdowns in the second quarter.

In the fourth quarter the Blue Devils came back with another aerial attack that carried them down to the Vero 4 but in attempting to penetrate the Indian forward wall they were bounced back to the 11 where they lost the ball on downs. Tackle Jack Boland then recovered an Indian fumble on the Vero 10 and on the fourth down with still 10 to go for the TD. Wilder passed to Quarterback Buddy Hewell in the end zone to tie the score, 13-13, but the pass attempt for the point failed. At this point of the game there were only about four minutes of playing time left and the Indians showed their championship form in their final drive for the winning touchdown.

Local fans who braved the stormy weather to see the thriller all agreed the Blue Devils played their best game of the season and their praise was for the teamwork of the entire squad. Wilder was at his top form and some of the University of Florida boys who had stopped over to see the game while enroute to Miami said Wilder could teach the Gator's Haywood Sullivan a few tricks in the art of passing. Wilder was ably assisted in the backfield by Buddy Hewell, Bobby Schroder and Bill Hutton and although the entire line did its best work of the year the performance of Guards Gordon Hoyle and Charles McCurdy was outstanding.

Safety Director Tells How Accidents Occur

The advent of cooler weather has caused Safety Director H. N. Kirkman to urge Florida drivers to be sure their motor vehicles are in good working order.

He explained that falling temperatures occasionally result in sluggish operation of automobiles. "When this occurs in traffic," he continued, "there is always the danger of an accident."

The Florida Highway Patrol Chief also warned against foggy windshields declaring that closed windows bring about a condition which can be dangerous to occupants and pedestrians.

"The condition - poor visibility - has caused a large number of accidents and near accidents," Kirkman said.

The Safety Director cautioned pedestrians to walk with extra care during the cool weather because "there is a tendency on the part of most people to protect themselves from another." He explained that pedestrians may hurry along the street and highway guarding themselves against wind and rain without noticing vehicular traffic.

Mr. and Mrs. Donald Padgett and daughter, Donna Joy, of Wauchoula, are spending the Thanksgiving holidays with his parents, Mr. and Mrs. Duncan Padgett, in Pahokee.

TELEPHONE SERVICE IS GROWING, TOO

... and the price is up far less
than most things you buy!

"GOODNESS, how he's grown!" And you could say the same about telephone service during the short time since his babyhood.

ACTUALLY, in just five years the number of local telephones Floridians can call has more than doubled. And this year's increase in Florida telephones is expected to reach about 51,000.

BEST OF ALL, this bigger, better "package" of service has gone up in price less than a fourth as much as prices in general... and less than our cost of providing the service.

ALWAYS one of your biggest bargains, telephone service is today an even better buy than it was ten years ago, and a smaller part of your family budget.
